# Skin Sensations

VITAMIN PEPTIDE SYSTEM

*Maximize the revitalizing power of your skin.*

*Cosmetic engineering is boosting the revitalizing power of vitamins and minerals like never before.*

Vitamins and minerals are precious revitalizing allies for the body. These powerful anti-aging molecules intervene in vital internal processes such as cell renewal, collagen synthesis, protecting the skin against oxidative stress caused by external factors (free radicals), and many, many others. That's why it's essential you provide your skin with a daily dose of vitamins and minerals to keep it in perfect balance.

CASMARA Research Center has applied the most advanced cosmetic engineering to develop the VITAMIN PEPTIDE SYSTEM. This biotechnological vitamin-release system features the perfect duo of vitamins A+C+E and minerals plus botanical peptides to exponentially increase their bioavailability, providing unbeatable results, comparable to a virtual vitamin mesotherapy treatment.

*CASMARA is relaunching its iconic ultra-revitalizing SENSATIONS skincare line. Formulated with high-penetration vitamins and minerals to strengthen the skin against aging, it also provides an immediate powerful anti-aging action that intensifies the skin's natural processes to protect itself against the passage of time and other external factors. The result: radiant, intensely revitalized skin that's full of life.*

VITAMIN PEPTIDE SYSTEM

## Skin Sensations TREATMENT

### • WHAT IS IT?

This **highly revitalizing anti-aging**, remineralizing, rehydrating and vitamin-rich facial treatment is formulated with high-penetration bioavailable vitamins, minerals and trace elements. Its innovative blend of active ingredients and cutting-edge technologies enhances the skin's natural processes, correcting and preventing the signs of aging.

A powerful shot of vitality that restores the radiance and balance lost over time.

This unique treatment provides the skin with an exquisite blend of sensations and specific care. Thanks to its innovative formulas and a perfect combination of sublime textures, you'll be immersed in a complete wellbeing experience with each and every step.

A luxurious skin treatment for a pampered complexion and a truly radiant appearance.

### WHO IS IT SUITABLE FOR?

Indicado para todo tipo de piel, incluso para las pieles sensibles. Especialmente recomendado para tratar pieles apagadas, desvitalizadas y sin brillo, que necesiten un extra de vitalidad inmediata.

## • MAIN ACTIVE INGREDIENTS

### BIOAVAILABLE VITAMINS

**BIOAVAILABLE VITAMIN COMPLEX (A+C+E):** A perfect blend with an intense **revitalizing anti-aging** action combining vitamins with the **VITAMIN PEPTIDE SYSTEM**. This innovative deep-release system with botanical peptides keeps the vitamins stable and prevents them from oxidizing, helping them penetrate the skin and boosting their efficacy in the deepest layers of the epidermis.

This powerful multi-action anti-aging complex acts as a shot of vitality to the cells, protecting them and stimulating their activity to ensure they perform their natural processes optimally, for radiant skin.

This wonderful complex acts synergistically to form a powerful protective system against damage caused by external agents, while repairing visible skin damage as a result of photoaging.

### GOLD. THE MOST EXCLUSIVE ELEMENT FOR YOUR SKIN

**GOLD:** A real treat for the skin. This most precious of metals has endless skin-enhancing properties, including its revitalizing effect, as it helps boost the actions of the mineral nutrients applied. It also strengthens and protects the skin barrier, promoting radiant, glowing skin.

### MINERALS

**MINERALS + TRACE ELEMENTS:** An innovative blend of minerals and trace elements with a highly **antioxidant** effect that keeps the skin protected against cell oxidation, which accelerates the appearance of signs of aging.

Made with **calcium** (restorative), **magnesium** (hydrating), **manganese** (antioxidant), **zinc** (renewing), **copper** (protects collagen and elastin fibers), **iron** (mitochondrial energizing and oxygenating) and **potassium** (water-regulating); essential macro- and micro-minerals to keep the skin in perfect condition.

# Skin Sensations

VITAMIN PEPTIDE SYSTEM

## • MAIN ACTIVE INGREDIENTS

### WATER

V-HYALURONIC: **Intelligent hydrating** active ingredient of botanical origin that maintains optimal skin hydration levels. Increases water retention in the epidermis while preventing skin dehydration.

ORANGE BLOSSOM: Exclusive **natural moisturizer and plumper** that maximizes skin hydration, keeping it full and supple. Its advanced action increases hyaluronic acid synthesis in the skin by 44%, which ensures correct skin moisture levels. This results in plumper, fresher looking skin with diminished wrinkles due to increased water levels inside the intercellular spaces, which smooths the outermost skin layer.

## • ACTIONS

**ANTI-AGING.** Stimulates cell metabolism by providing the key nutrients the skin needs to restore its natural regeneration, antioxidant and rehydrating processes, thus correcting and preventing the signs of aging.

**ANTIOXIDANT.** Neutralizes the action of free radicals, blocking and reversing photoaging. The skin is protected against the passage of time.

**REVITALIZING AND ILLUMINATING.** Acts as a shot of vitality to the cells, protecting them and stimulating their activity. Evens the skin tone and provides an immediate vitality boost.

**DOUBLE HYDRATING EFFECT:** Stimulates hyaluronic acid synthesis, thus promoting skin rehydration, while also creating a natural film over the skin to prevent dehydration.

**REMINERALIZING.** Its high mineral content restores the balance lost over time, keeping the skin protected and in good condition for longer.

# Skin Sensations

VITAMIN PEPTIDE SYSTEM

## RESULTS

- 01 SMOOTHED WRINKLES AND EXPRESSION LINES.
- 02 INTENSELY REHYDRATED SKIN WITH A HEALTHY, RADIANT APPEARANCE.
- 03 INTENSELY REVITALIZED COMPLEXION THAT'S FULL OF LIFE.

## TREATMENT PHASES

### Skin Sensations

#### PHASE\_1

#### DEEP CLEANSING

This unique cleansing phase produces a range of sensations on the skin:

1. We start by applying a melting gel to dry skin, which turns into an ultra-smooth oil that gently melts away dirt and makeup.
2. The oil turns into a milky emulsion on contact with water, which deeply cleanses the skin, providing freshness and wellbeing.

Contains trace elements such as copper, which has antiseptic properties to help deeply cleanse the skin.

**APPLICATION METHOD:** Time: 10 min. approx.

Apply this gel over the face and neck with the fingertips. Spread gently until the product becomes more fluid in texture, achieving an oily consistency.

Then, with the fingertips or a damp brush, use circular movements for a couple of minutes to help cleanse the skin, until you achieve a milky emulsion.

#### PHASE\_2

#### DELIVERY-STIMULATING

This phase uses botanical active ingredients to stimulate the absorption and efficacy of the active ingredients applied in both this and subsequent phases.

Contains Chondrus crispus algae extract, which is rich in carrageenan and trace elements. Its calcium, magnesium, manganese, zinc and phosphorous content provides a mild mineralizing effect. Also known as a "second skin", its film-forming or "patch" effect helps the trace elements and other active ingredients used in this and subsequent phases absorb into the skin.

This formula is enhanced by African birch extract (*Anogeissus leiocarpa*), which is rich in tannins, protective molecules found in plants. As we age, fibroblasts become less receptive to Vit. C, which is one of the reasons for the decrease in collagen synthesis. These tannins increase Vit. C penetration through the fibroblast membrane. Its antioxidant properties prevent oxidative stress and protect collagen IV located at the dermal-epidermal junction, improving the adhesion of both layers and, as a result, restoring skin firmness and oxygenation.

**APPLICATION METHOD:** Time: 8 min. approx.

2 methods to choose from:

- a. Manually: apply to the face with a massage until completely absorbed
- b. the use of appliances: the use of appliances: use Gel Meso Treatment by Casmara. Apply phase 2 manually and then Gel Meso Treatment in the quantity required by the treatment time and work it with the positive (+) pole of the electrode.

## PHASE\_3 REVITALIZING

Formulated with the advanced bioavailable vitamin complex (A+C+E), which binds each vitamin to the plant peptide containing the highest amount of that vitamin: Vit. C (vital for collagen formation) is bound to citrus peptides, Vit. A (which controls the epidermal renewal rate) is bound to carrot peptides and Vit. E (essential for maintaining and defending the cells) is bound to wheat peptides.

Contains manganese bound to a molecule to help it penetrate the skin. This active ingredient mimics the activity of two very important enzymes that defend the body against free radical damage: superoxide dismutase (SOD) and catalase. Acts in a similar way to the skin's own antioxidant system

by neutralizing oxygen free radicals and turning them into harmless products, such as water or oxygen.

The phase is reinforced with highly moisturizing botanical polysaccharides, which thanks to their film-forming action prevent transepidermal water loss, thereby improving the skin's hydration levels.

**APPLICATION METHOD:** Time: 10 min. approx.

Apply using a penetrating massage until fully absorbed.

# Skin Sensations

VITAMIN PEPTIDE SYSTEM

PHASE\_4

## MINERALIZING, VITAMIN-RICH & ANTI-AGING

This fluid emulsion provides the skin with a wealth of active ingredients.

It's formulated with OAT proteins, minerals and the key trace elements for healthy skin. Since the skin is particularly sensitive to a lack of minerals and trace elements, it requires a constant source of these nutrients, otherwise it can cause cell metabolism to slow, which results in accelerated aging.

Contains the following elements: Calcium (Ca): Essential for epidermal cells to develop properly. Magnesium (Mg): Has the ability to capture water, improving epidermal hydration. Manganese (Mn): Antioxidant, neutralizes the action of free radicals. Zinc (Zn): Promotes skin renewal. Copper (Cu):

Key for skin regeneration processes and protects dermal collagen and elastin. Iron (Fe): Essential for energy (mitochondria) and good skin oxygenation. Potassium (K): Regulates water retention in tissues.

Bitter orange blossom has significant properties linked to skin hydration. It can increase hyaluronic acid synthesis by 44%, thus reducing natural transepidermal water loss and producing an overall improvement in hydration.

This phase is also enriched with natural *Camellia japonica* oil from Jeju Island (Korea), which has many moisturizing, anti-wrinkle and soothing properties. This oil is therefore highly recommended for sensitive skin. Highly nourishing and fast-absorbing organic ARGAN OIL is rich in Vit. E and polyunsaturated fats (omega 3 and 9), which improves skin elasticity and hydration.

**APPLICATION METHOD:** Time: approx. 10 min.

Apply using a penetrating massage until fully absorbed.

PHASE\_5

## GOLD MASK 2080/ REVITALIZING

This exclusive peel-off mask has a revitalizing action due to 24k gold dust, a mineralizing action thanks to the essential trace elements the skin requires to maintain optimal conditions.

This precious metal - gold dust - has an immediate firming effect, enhancing radiance while increasing the efficacy of the other active ingredients by helping them penetrate the skin.

Thanks to its technology, it forms a cooling film over the face, which produces a pleasant feeling of pressure, promoting the penetration of the active ingredients applied beforehand as well as those of the mask itself, and leaving the skin rested, with a healthy, youthful appearance.

**APPLICATION METHOD:** Time: approx. 20 min.

1. Empty the entire contents of (1) the GEL sachet and (2) the POWDER sachet into a bowl.
2. With the help of a spatula, preferably plastic, mix both components vigorously for around 30 seconds, until you achieve an even mixture.
3. Using the same spatula, apply and spread the mask over the desired area, working quickly, as the mask begins to set 4 minutes after mixing. You may cover the eyes and lips.
4. Leave the mask on for 15 – 20 minutes.
5. Remove the mask in one piece.

## PHASE\_6

### MOISTURIZING, VITAMIN-RICH AND REMINERALIZING

This multi-action phase boosts the revitalizing effects of the previous phases. It's formulated with bioavailable vitamins (A+C+E), trace elements and minerals, and enriched with camellia oil and organic argan oil.

This exclusive anti-aging formula restores vitality to the skin, leaving it radiant, visibly younger looking and protected against the passage of time.

**APPLICATION METHOD:** Time: 1 min.

Gently apply around half the contents of the vial to the face and give the rest to the client to use at home.

## Sensations COLLECTION

### VITAMIN PEPTIDE SYSTEM

*Ultra-revitalizing power for your skin.*

Nature provides **highly revitalizing** molecules while cutting-edge cosmetic engineering allows us to concentrate them in a skincare collection that strengthens your skin against the passage of time.

The most innovative skin care made with vitamins A+C+E and high-penetration minerals. Three cosmetic formulas with sublime textures, creating a wonderful collection that acts at cell level as a true shot of vitality for radiant, intensely revitalized skin.

## Sensations *Vitamin Shot*

An exquisite, concentrated revitalizing serum formulated with a real **burst of high-penetration bioavailable vitamins (A+C+E)**, enriched with minerals and V-HYALURONIC in an instantly absorbing fluid texture.

This unique formula features the **VITAMIN PEPTIDE SYSTEM**, an exclusive high-penetration biotechnological system that stabilizes and delivers vitamins, preventing them from oxidizing and helping them penetrate to boost their efficacy in the skin.

This exclusive, highly revitalizing concentrated **vitamin serum** acts as a shot of vitality at cell level and improves cell metabolism. It also maintains correct skin hydration levels and combats photoaging thanks to its intense antioxidant

effect, thus protecting the skin against the passage of time.

**BIOAVAILABLE VITAMIN COMPLEX (A+C+E):** Complex with an intense **revitalizing** and **anti-aging** action. Its intense **ultra-revitalizing** effect is due to its vitamin-rich formula. These vitamins act synergistically to form a powerful protective system against free radical damage, while repairing visible skin damage as a result of photoaging.

**V-HYALURONIC:** **Intelligent hydrating** active ingredient of botanical origin that maintains optimal skin hydration levels. Retains water in the epidermis, preventing skin dehydration thanks to its film-forming action.

**MINERALS:** Manganese-based active ingredient with an antioxidant action that protects and strengthens the skin against cell oxidation, thus preventing the signs of aging.

### • WHO IS IT SUITABLE FOR?

Suitable for all skin types, including sensitive skin. Especially formulated to treat dull and devitalized skin, and skin lacking radiance and requiring an immediate vitality boost.

Recommended even for sensitive skin.

### • APPLICATION METHOD

Apply a few drops of serum to your cleansed face and neck, pressing with your hands to promote penetration, and then gently smooth the remaining serum over your skin with your fingertips. Wait a few seconds for the serum to absorb properly.

We recommend using the serum before applying the moisturizing or hydro-nourishing cream from the SENSATIONS line, or any other CASMARA facial cream.

# Sensations

COLLECTION

## Sensations HYDRO *Revitalizing Cream*

This **hydro-revitalizing cream** has a unique texture combining the richness of a cream and the freshness of a gel. It's formulated with high-penetration bioavailable vitamins (A+C+E), enhanced by trace elements, minerals and sublime camellia oil.

Its powerful anti-aging formula intensely revitalizes the skin, providing radiance, plumpness and vitality for a glowing, protected complexion. A multi-action cream that softens the signs of facial aging while improving cell metabolism to prevent photoaging.

Its global anti-aging action provides intense hydration which revitalizes the skin, leaving it radiant and full of life from the first application.

**BIOAVAILABLE VITAMIN COMPLEX (A+C+E):** Revitalizing and anti-aging.

**7 TRACE ELEMENTS AND MINERALS:** Advanced multi-effect **regenerating, antioxidant, firming and moisturizing** active ingredient made with the most essential elements for good skin health: calcium, magnesium, manganese, zinc, copper, iron and potassium.

**CAMELLIA OIL:** This exquisite oil has an intense **anti-wrinkle** action and is extracted from camellia seeds, a flower native to Jeju Island (Korea).

Rich in fatty acids, it stimulates collagen synthesis and prevents its degradation, while reducing transepidermal water loss, which exponentially improves skin elasticity, firmness and hydration. The result: smooth and soft skin with visibly reduced wrinkles and expression lines.

### • WHO IS IT SUITABLE FOR?

Suitable for normal to combination skin. Unisex formula recommended for devitalized skin, especially skin lacking radiance and requiring an immediate vitality boost.

Recommended even for sensitive skin.

### • APPLICATION METHOD

Apply to your cleansed face and neck, and massage until fully absorbed.

We recommend applying the cream alone or combining it with the serum from the SENSATIONS line, or with any other CASMARA facial serum.

## Sensations HYDRO-NUTRI *Revitalizing Cream*

This **intense revitalizing anti-aging hydro-nourishing cream** has a light, fast-absorbing texture. It provides a real burst of high-penetration bioavailable vitamins (A+C+E), trace elements and minerals, and is enriched with camellia oil and organic argan oil.

A true vitality boost with the perfect balance of moisture and nourishment, this intense anti-aging cream strengthens the skin against photo-aging and softens the visible signs of aging.

An exclusive, innovative anti-aging formula that restores skin vitality for radiant, visibly younger looking skin that's protected against the passage of time.

**BIOAVAILABLE VITAMIN COMPLEX (A+C+E):** Revitalizing and anti-aging.

**7 TRACE ELEMENTS AND MINERALS:** Advanced multi-effect **regenerating, antioxidant, firming and moisturizing** active ingredient made with the most essential elements for good skin health: calcium, magnesium, manganese, zinc, copper, iron and potassium.

**CAMELLIA OIL:** This exquisite oil has an intense **anti-wrinkle** action and is extracted from camellia seeds, a flower native to Jeju Island (Korea).

Rich in fatty acids, it stimulates collagen synthesis and prevents its degradation, while reducing transepidermal water loss, which exponentially improves skin elasticity, firmness and hydration. The result: smooth and soft skin with visibly reduced wrinkles and expression lines.

**ORGANIC ARGAN OIL:** Powerful **antioxidant** oil high in vitamin E. Thanks to its rich nutritional composition, it can stimulate skin renewal, helping to soften the signs of aging and improve the skin texture. It also deeply nourishes the skin thanks to its high essential fatty acid content, with a fast-absorbing, non-greasy texture that strengthens the skin barrier and provides silky-smooth skin.

**ORANGE BLOSSOM:** Exclusive **natural moisturizer and plumper** that maximizes skin hydration, keeping it full and supple. Its advanced action increases hyaluronic acid synthesis in the skin by 44%, which ensures correct skin moisture levels. This results in plumper, fresher looking skin with diminished wrinkles due to increased water levels inside the intercellular spaces, which smooths the outermost skin layer.

### • WHO IS IT SUITABLE FOR?

Suitable for normal to dry skin. Unisex formula recommended for devitalized skin, especially skin lacking radiance and requiring an immediate vitality boost.

Recommended even for sensitive skin.

### • APPLICATION METHOD

Apply to your cleansed face and neck, and massage until fully absorbed.

We recommend applying the cream alone or combining it with the serum from the SENSATIONS line, or with any other CASMARÀ facial serum.
