What is it?

Extraordinary preparatory essence that acts as a **toner and pre-treatment**. Prepares the skin to **better absorb the active ingredients** of cosmetic products applied afterwards, boosting their effectiveness, making it an essential step to finish and complete your daily cleansing ritual.

Suitable for **perfecting and toning** the skin thanks to its exclusive natural **pH rebalancing and boosting formula**.

Rich in **Niacinamide (Vitamin B₃)**, this delicate essence tones, rebalances, moisturizes, activates and prepares the skin, boosting the absorption and effects of the active ingredients applied afterwards. Day after day, the skin quality is improved and strengthened.

Its delicate **jasmine** scent also provides a **feeling of well-being**, comfort and freshness, helping to relax the facial skin.

Main active ingredients

Niacinamide (Vitamin B₃): Multi-action active ingredient with properties that boost the effect of the active ingredients applied afterwards. Also prevents and improves visible signs of aging, evens tone, helps reduce pore size and balances excess oil in the skin.

Jasmine Extract: Arabian Jasmine is an active ingredient that improves skin tone and texture thanks to its **toning effect**.

Mallow Extract: Active ingredient with **moisturizing and softening** properties that provides an immediate feeling of comfort.

Essential Amino Acids: Helps keep the skin in a healthy condition by **restoring the pH level** and improves its barrier function, keeping it healthy and protected against external agents that accelerate aging.

Betaine: Powerful **moisturizing** active ingredient that helps maintain intense skin hydration by strengthening the skin barrier and reducing transepidermal water loss.

Alcohol Free

Who is it suitable for?

Suitable for balancing, toning, moisturizing and preparing **all skin types**, including **sensitive skin**, for the next steps in the daily beauty routine.
