*A highly perfecting cosmetic product for the eye area formulated with innovative active ingredients to brighten and rejuvenate your eyes day by day.*

# CASPARA

## Eye Contour

Anti-puffiness & dark circles\_15 ml

“Eye bag and dark circle corrector”

### WHAT IS IT?

A gel treatment specifically formulated for the skin around the eyes. It reduces puffiness, dark shadows and improves the appearance of “crows feet”. It is formulated with a hydrogel base that steadily releases the active ingredients.

### ACTIONS:

- Decongestion and enhancement of circulation for a more youthful look.
- Improvement of the skin’s internal moisture.

### RESULTS:

Deflated, luminous and hydrated eye contour area.

NATURAL  
88%  
INGREDIENTS

### Main active ingredients

ACID  
HYALURONIC

**HYALURONIC ACID (Low molecular weight):** moisturizing with a molecular weight of less than 200 kDa. The application of hyaluronic acid molecules of this size is particularly effective for skin that has been altered by normal ageing or environmental factors due to its capacity to restore the skin's natural plumpness, fill in wrinkles and of course improve internal hydration and elasticity.

TETRAPEPTIDES

**TETRAPEPTIDES:** descongellant active. It combines a peptide to encourage lymphatic drainage with decongestant effect. Its formula contains a bioflavonoid capable of improving the quality of the blood capillaries, visibly reducing the color of dark circles.

### Who is it suitable for?

Suitable for all skin types. Especially formulated to correct eye bags and dark circles, as well as preventing their appearance.

## Eye Contour

*Anti Wrinkle*\_15 ml

*“Wrinkle eraser”*

### WHAT IS IT?

A light emulsion with a high concentration of active ingredients for overall treatment of the eye area: reduces wrinkles, restores tone, increases elasticity, improves puffiness and lightens dark circles, nourishes the whole area.

### ACTIONS:

- Intensive repair for the eye area.
- Botox effect. Reduces the signs of aging in the orbicular area.
- Increases firmness and elasticity in the treated area.

### RESULTS:

More youthful look. Plumps wrinkles.

## *Main active ingredients*

ARGIRELINE®

**ARGIRELINE®**: is one of the peptides most commonly used in beauty treatments as it is highly effective in limiting the movements around the eye area that can lead to the appearance of "crows feet". It has widely proven anti-wrinkle qualities; its improvement on wrinkles around this area is almost instantaneous.

COLLAGEN

**COLLAGENEER®**: has the ability to encourage the natural production of high quality collagen, making the skin feel firmer and more elastic.

TETRAPEPTIDES

**ORSIRTINE®**: rich in SIRTUIN modulator peptides, proteins known to increase cell longevity. This active ingredient is beneficial in helping to prevent the signs of ageing.

**TETRAPEPTIDES**: contains different peptides that stimulate lymphatic drainage and provide an all-over treatment for firmness and elasticity of the tissue around the eye.

## *Who is it suitable for?*

Suitable for all skin types. Especially formulated to treat aging of the eye contour, wrinkles and flaccidity in the upper and lower eyelid, and around the eyes.

## Eye Contour

*“Eye bag and dark circle corrector”*

*“Wrinkle eraser”*

### *Application mode*

Place the applicator on the skin and press the ribbed area of the pump to dose a drop of product. Spread the cream with the ceramic applicator using sliding or circular motions. Finish applying by tapping the area with your fingertips until fully absorbed.

### *Recomendation*

*Apply as many times as required. One useful tip is to keep the product in the refrigerator (never the freezer). Applying the product cold is particularly refreshing and diminishes the signs of fatigue in the eyes.*
